

Teacher – Bob Adamson

Language – English

Level – C1

Title of course – C1 Speaking Exam Preparation Class

A brief description – This is a fluency course focused both on (a) **practising the new speaking exam** (including oral mediation) and (b) **improving overall fluency**.

Every day you'll do one **oral mediation**, one **co-production** and one **production**, all of which are based on the actual exam topics (education, science and technology, travel etc.). You'll also do a short listening every day (again based on the exam topics) which will lead into a discussion. This will be supplemented with a wide variety of fluency activities including speaking games, TV series, role-plays and mystery. **Full error correction** feedback is given at the end of each session.
