

Teacher – Bob Adamson

Language – English

Level – C1

Title of course – C1 Speaking Exam Preparation Class both in person (Wednesday 11,15 – 12,45 and online 18,45 – 20,15)

A brief description – This is a fluency course focused both on (a) **practising the new speaking exam** (including oral mediation) and (b) **improving overall fluency**.

Every day you'll do one **oral mediation**, one **co-production** and one **production**, all of which are based on the actual exam topics (education, science and technology, travel etc.). You'll also do a short listening every day (again based on the exam topics) which will lead into a discussion. **Full error correction** feedback is given at the end of each session.

The online version of this course will work the same way as a normal class in la escuela, with the teacher putting you in small breakout groups to carry out the exercises. The school will provide you with a link with which you can join the online sessions.
